WHO NEEDS LONG TERM CARE INSURANCE?

Maybe you!

- If you are hoping to set up a financial plan for a worry-free retirement
- If you worry about being a burden to your family
- If you don't have family members to take care of you
- If you want to remain independent for as long as you are able

WHY BUY NOW?

As an employee, you may purchase coverage during the enrollment period without having to fill out a medical questionnaire, as long as you do not choose benefits that exceed the Guarantee Issue limits. Your enrollment kit contains complete information on the Guarantee Issue limits. If you wait to enroll, you will need to fill out the medical questionnaire and may not be accepted into the plan.

Guarantee Issue means that you do not have to fill out a medical questionnaire.

The younger you are when you buy Unum's Long Term Care Insurance, the lower the cost. The rate is based on your age at the time of purchase. If you change employers or retire, you can still keep your coverage at affordable group rates. Benefits may be subject to a pre-existing condition exclusion.

Professional Home Care: Includes visits to your home by a licensed Home Health Care Provider during which skilled nursing care; physical, respiratory, occupational, dietary or speech therapy; adult day care or hospice care; or homemaker services are provided.

Total Home Care: Includes Professional Home Care services, as well as care received from any care provider of your choosing, including relatives and friends who provide care in your home.

Elimination Period: Your plan's Elimination Period of 90 consecutive days is the amount of time you must wait before benefits become payable. This time period needs to be satisfied only once during the life of your plan.

WHAT'S THE COST?

Your individual cost for insurance will depend on your age, the plan and the options you choose. Here are some representative costs for a basic plan of \$2,000 Long Term Care Facility Monthly Benefit Amount, 50% Professional Home Care, 90 day Elimination Period and a Benefit Duration of 3 years.

Age	Monthly Premium Based On \$2,000 Basic Plan
35	\$ 4.00
40	\$ 4.80
45	\$ 6.00
50	\$ 7.60
55	\$ 10.20
60	\$ 14.60
70	\$ 40.00

You can see that the younger you are when you purchase the insurance, the lower the cost. Rates will not go up because you grow older.

LIMITATIONS & EXCLUSIONS

There are some instances when we will not pay a benefit: for a disability caused by war or act of war, self-destruction, attempted suicide, commission of a crime, alcoholism or alcohol abuse, use of a controlled substance not prescribed by a physician, psychological, psychiatric or mental conditions, a period longer than 30 days outside the U.S. and confinement in a hospital.

Pre-existing condition is any condition that exists for which you have received medical treatment, consultation, care or services, including diagnostic measures, or took drugs or medicines that were prescribed for the condition, during the six month period right before coverage begins.

If you have been treated or have received care or consultation in the 6 months prior to your effective date and you then suffer a loss in the 6 months after your effective date of coverage and that loss is directly related to a pre-existing condition, no benefit will be payable for that loss during the first 6 months after your coverage begins. This pre-existing condition limitation applies only to the 6 months before your effective date.
